HOME INSPECTION

INTRODUCTION TO HOME INSPECTION

Comprehensive course shall introduce students to every aspect of exterior, interior, and electromechanical home inspection in a basic and easy to understand format. Course is designed for individuals interested in developing independent home inspection business or individuals interested in obtaining greater understanding of residential construction for investment purposes, for business, or for personal gain.

Field trips conducted so students learn construction from the ground up. Walk through homes with a qualified expert who teaches you how to evaluate and inspect for issues behind the walls or under floors. From symptoms and signs the building structure and land provide, uncover the building secrets and assess the home under the guidance of a trained professional.

Course reviews business formation, marketing, and report writing. Students receive electronic and hardcopy versions of approved reports to be utilized in their own business. Completion is recognized by National Association of Certified Home Inspectors (NACHI) and the Housing Inspection Foundation (HIF). National membership benefits and certification obtained by AREA graduating students. Course is valid for 14 hours of CE credit for appraisers, 42 credit hours for a lapsed license, and 24 for Real Estate CE credit.

Price: \$850.00*

Date	Day	Start Time	End Time	Session	Location
