

THE COST APPROACH

Learn how to properly apply the development of the cost approach, one of the three approaches used to determine the market value of a subject property. Develop your skills by creating a current cost estimate using market extraction, interview techniques, and information provided by professional cost data sources. Discover how to accurately determine the valuation of vacant land parcels.

Now you can expand your real estate skills and earn continuing education with an overview of the cost approach, including cost approach concepts and definitions, methods of calculating unit cost, and related topics.

Course qualifies for:

- 7 hours of appraisal and/or real estate continuing education credit for license renewal, no exam required

Price: \$115.00

****Early Registration Price:*** \$105.00
